ELA

- We are finishing up learning about prefixes and suffixes and will also study synonyms and antonyms.
- We are finishing Book Bingo!
- We're doing some writing on our summer plans.

Math

- We will be reviewing division concepts as well as geometry. In addition we'll be continuing our work with logic puzzles.

- We are wrapping up our unit on the Israelites moving into Canaan.

A few notes...

- If you could send in a grocery bag (a reusable one or plastic work great) to take home some of our end of the year stuff that would be helpful!
- I may be recommending that your student does a summer skills book in either math or language arts, if that is the case I'll be sending a note home.
- Do you have some fun sunglasses we can borrow for an end of the year project? You know, big ones, star shaped, glitzy, etc?
- Whew—I know you will be hearing from me again but this is our last "official" newsletter of the year. ☺
